TECHNICAL SKILLS

Programming Languages

Frontend: HTML5, CSS3, JavaScript, TypeScript, Angular, React, Wordpress

Backend: Python (Flask, Django), Node.js, Express.js

Database: PostgreSQL, MySQL, MongoDB SQL

Systems Programming: C, C++

Cloud & DevOps

Cloud Platforms: AWS (Amazon Web Services)

Containerization: Docker, Kubernetes

Deployment: CI/CD pipelines, Server deployment strategies

Data Science & Analytics

Data Analysis: Python (Pandas, NumPy, Matplotlib, Seaborn)

Statistical Analysis: Practical Statistics, Data Wrangling

Data Visualization: Advanced charting and dashboard creation

Machine Learning: Predictive modeling and data insights

Software Engineering Practices

API Development: RESTful APIs, API Documentation

Authentication: Identity Access Management, JWT

Testing: Software testing methodologies

Version Control: Git, GitHub

Database Design: Data modeling and optimization

CORE COMPETENCIES

Demonstrates technical excellence with advanced problem-solving, continuous learning and rigorous quality assurance. Highly collaborative and solution-oriented professional, motivated by innovation and reliable in meeting deadlines.

LANGUAGES

English: Intermediate proficiency

French: Native proficiency

Fongbé: Mother tongue

HOUNSOUNNON

Full Stack Developer & Data Scientist

RÉSUMÉ PROFESSIONNEL

Certified Full Stack Developer & Data Analyst from ALX Africa with 2+ years of experience in digital transformation. Expertise in agile web development with React, Node.js, Python and AWS deployment. Portfolio of 5+ business applications in production. Specialized in business data analysis and cloud-native solutions for the pan-African ecosystem.

EXPERIENCES PROFESSIONNELLES

2025- Present

Full Stack Developer

Techno Data Solutions | Cotonou

Development and deployment of modern web applications with Docker, AWS and Plesk. Expertise in designing secure REST/GraphQL APIs, creating reactive user interfaces (React/Vue.js), and contributing to data analysis and business intelligence projects.

2023- 2025

Web et mobileDeveloper

Africa Global Protect | Godomey

Development of digital banners and integration of new features in cross-platform web and mobile applications.

FORMATIONS

2020

BACHELOR'S DEGREE IN PHYSICS COMPUTER SCIENCE

Faculté des sciences et technologies de l'UNSTIM | Natitingou, Bénin

Relevant Coursework:

- Mathematical modeling and advanced calculus
- Scientific computing (Mathematica, MATLAB, LaTeX)
- Statistical analysis and data interpretation
- Research methodology and problem solving des données Méthodologie de recherche et résolution de problèmes

CERTIFICATIONS

2025

Programme Data Science ALX Africa

ALX-Africa | Online

Python, Apprentissage automatique, Analyse statistique, Ingénierie des données, Modélisation prédictive

certificat: <https://savanna.alxafrica.com/certificates/8G5nCMFrBx>

2024

Ingénierie Logicielle ALX Africa (Spécialisation Backend)

ALX-Africa | Online

Développement côté serveur, Conception d'API, Ingénierie de base de données, AWS, DevOps

certificat: <https://savanna.alxafrica.com/certificates/eZJE9yF5zG>

2023

Nanodegree Analyste de Données Udacity

UDACITY | Online

Python (Pandas, NumPy), Analyse statistique, Visualisation de données, Manipulation de données

certificat: <https://www.udacity.com/certificate/DDYWKLUJ>

2023

Nanodegree Développeur JavaScript Full Stack Udacity

UDACITY | Online

SQL, PostgreSQL, API RESTful, Authentification, Déploiement AWS, Docker

certificat's url: <https://www.udacity.com/certificate/ZYDZKFDWJ>

2022

Nanodegree Développeur Full Stack Web Udacity

UDACITY | Online

SQL, PostgreSQL, API RESTful, Authentification, Déploiement AWS, Docker

certificat's url : <https://www.udacity.com/certificate/FU5QNPPJ>

KEY PROJECTS AND ACHIEVEMENTS

Full Stack Development : Designed 5+ web applications with integrated databases, secure APIs and reactive frontends

Data Science : Performed advanced data analysis, created interactive visualizations and applied statistical modeling using Python

Cloud & DevOps : Managed Docker/Kubernetes deployments and implemented CI/CD pipelines on AWS
